

**Brandesburton Primary School
KS2 Home Learning**

Remote learning

We are aware that these are exceptional times and would like to support those children who are self-isolating so that they can remain fully involved in their learning. Some of the information and websites are generic to your child's key stage, other tasks are linked to their current theme. Please continue to look at your child's class blog. Lots of photos and information can also be found here and on the school website under the curriculum tab. Remember to upload any completed tasks to your child's seesaw account under the home learning folder so the class teacher can see what they have been completing and support with further resources if required.

<p>English Reading</p> <p>One of the most important educational activities parents/carers can do with their child is reading. We strongly encourage you to encourage your child to read every day. Please ask your child questions about what they have read to check their understanding.</p> <p>Access our virtual library and write a book review about one of the books. Your child may even want to go one step further and record themselves reading a story to add to the library!</p> <p>https://brandesburton.e-riding.sch.uk/reading/</p>	<p>Theme</p> <p>Spend time researching our theme, Coasts to Canals. Choose a coastal town to research, can you find out about the history of the area? Can you sort the human and physical features of the area? What would you change about the area?</p> <p>Purple Mash</p> <p>Continue to access all the resources on Purple Mash. You will find links to all curriculum areas. Perhaps you could practice your typing skills on 2type or 2publish to write a brochure about a coastal town.</p> <p>https://www.purplemash.com/sch/brandesburton</p>	<p>Maths</p> <p>Spend the time focusing on: learning and reciting times tables and division, metric conversions, all formal methods for + - x and ÷ (see calculation policy on website) and the time (reading timetables etc). If there is anything particular the teacher feels you need to complete they will add it to seesaw in your child's file.</p> <p>Times Table Rockstars: All children from Y1 to Y6 have an account. This is an amazing personalized platform to practice essential mathematical skills.</p> <p>https://trockstars.com/ http://www.mathematicshed.com/ is another useful site.</p>
<p>Writing</p> <p>Both the websites below are a fab stimulus for writing. Pick a picture and tell a tale, write a report or create a cartoon strip... have fun!</p> <p>https://www.onceuponapicture.co.uk/ https://www.pobble365.com/</p> <p>The following link takes you to a website with a short film called 'Catch-a-lot' can you watch the film and complete any of the activities on the PDF document?</p> <p>https://www.literacyshedplus.com/en-gb/resource/catch-a-lot-ks2-activity-pack-en-gb</p>	<p>Online Safety</p> <p>Even though you may sometimes feel your child has better technical skills than you do(!), they still need advice and protection when it comes to managing their lives online. There is also a wealth of websites to explore on our school website under the curriculum tab.</p> <p>Remember you can also access the Be Internet Legends site to learn about using the internet safely and wisely.</p> <p>https://beinternetlegends.withgoogle.com/en_ie/interland</p>	<p>PSHE</p> <p>Thinking positive thoughts and always seeing the best in a situation is called having a positive attitude to life. It can make you a happier person and plays an important part in having good mental health. Different things make different people happy. What does happiness mean to you? Create your own happiness poster.</p> <p align="center">Spending time with family and friends.</p>
<p>GPS - Grammar, Punctuation and spelling</p> <p>It is really important to keep working on the basic grammar, punctuation and spelling skills. The websites below are useful.</p> <p>https://spellingframe.co.uk</p>	<p>Art</p> <p>Monet didn't paint just flowers; he also did about 140 snowscapes. Monet's Magpie is his largest winter painting. Why not use his painting as a stimulus for your own artwork. If you need an idea try the website below.</p> <p>https://www.deepspacesparkle.com/birch-trees-watercolor-lesson/</p> 	<p>RE</p> <p>Bible Story: The story of Jesus' disciples, Peter and Andrew</p> <p>https://www.bbc.co.uk/bitesize/clips/zbyr87h</p> <p>Lots of things happen in life to make you feel lucky or that make you thankful. Draw/write about one of these experiences.</p>

<p>https://classroom.thenational.academy/subjects-by-key-stage/key-stage-2/subjects/english-grammar</p>	<p>PE Why not explore your own outside area, create an obstacle course or practice basic skills or throwing, catching?</p>	<p>Music Explore the different musical elements. Choose from pitch, rhythm, timbre, texture, musical processes. https://classroom.thenational.academy/units/rhythm-4424</p>
--	---	--

Please encourage your child to focus on their handwriting and formation of numbers when completing any of these tasks!
