Home Reading and TT Rockstars

We are trying our hardest to improve reading fluency and arithmetic skills whole school. If you could support this at home with home reading and TT Rockstars, it would be very much appreciated.

Championing Success!

This week have had two guest speakers. First, we had Mr Malcomson who explained his journey to working offshore. He had a love for learning how things were made from an early age. He followed this and continued into a career at BP as an electrician and then went to work offshore maintaining oil rigs so our houses have a constant supply of energy.

Championing Success part two!

Following on from Mr Malcomson, we had Mrs Eaton who came to share her knowledge and understanding of dance. We loved hearing about all the different aspects to dance, especially the competitions.

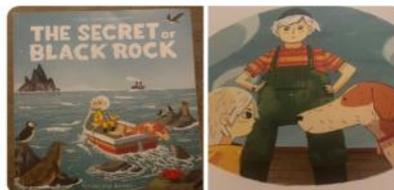

Love for learning!

As part of our JIGSAW PHSE programme the whole school are taking part in a theme called 'Dreams and Goals'. This started from a whole school assembly and now we are continuing it in our individual class rooms. Each class have their own JIGSAW book and we share our outcomes for each week. This term we are learning how to break down challenges into smaller steps to achieve our goals. Further information on JIGSAW is on the school website under our PHSE tab.

The assemblies where parents come in also links really well with our JIGSAW theme. Parents have shared their life skills needed to achieve their dreams and goals. Could you help? We are always looking for guest speakers to share their journey and tool kit for life.

Class 3 are loving this book by @Joetoddstanton a fab drama session today to lead into writing conversations between Erin and Mum. #thesecretofblackrock
