

**Brandesburton Primary School**  
**Subject Area: Religious Education**

At Brandesburton Primary School, we follow the **Locally Agreed Syllabus - A Syllabus for Religion and Worldviews**. This syllabus promotes an enquiry approach to learning. It provides our pupils with the opportunity to develop knowledge about the religions and worldviews they study, which helps them to understand the society in which we live, the culture we inherit and the wider world of which we are a part.

For more information about the Agreed Syllabus please visit <https://www.hereforschools.co.uk/Page/19378>

**Our Teaching**

Our aim is for the teaching of RE to equip pupils with systematic knowledge and understanding of a range of religions and enable them to develop their ideas, values and identities. In RE sessions, our pupils learn about religion and beliefs by connecting and contrasting their own perspectives and fitting new understanding into their own way of seeing the world.

Throughout sessions, staff develop in pupils an aptitude for dialogue so that they can participate positively in our society. They learn to articulate clearly and coherently their personal beliefs, ideas, values and experiences while respecting the right of others to differ.

**Educational visits, visitors and theme days**

We are committed to providing opportunities linked to the RE Curriculum through educational visits, visitors and theme days.

Remembrance

Learning about other cultures

Learning about other religions

## The Aims of the Agreed Syllabus are:

To ensure that all pupils develop religious literacy though:

- knowing about and understanding a range of religions and worldviews, learning to see these through the disciplines of **Theology**, **Philosophy** and **Social Sciences**
- expressing ideas and insights about the nature, significance and impact of religion and worldviews through a multidisciplinary approach whilst engaging critically with them
- gaining and deploying skills taken from the disciplines of **Theology**, **Philosophy** and **Social Sciences** to enhance learning about religions and different worldviews
