Home Reading and TT Rockstars

We are trying our hardest to improve reading fluency and arithmetic skills whole school. If you could support this at home with home reading and TT Rockstars, it would be very much appreciated.

Blogs

Please see our website and updated blogs. Also, we now have a Science Blog sharing the outstanding work Mrs Platten does to inspire and enthuse our children's learning in science.

Science Blog
Together we believe, together we achieve.

Welcome to our new science blog

Mrs Platten 11th September 2022 Uncategorized No Comments

On our science blog we are hoping to keep you updated with lots of exciting things that our children will be learning in science. Amongst the developments for this term is the completion of our work towards Science Capital certification. Science capital in our school aims to ensure that all of our children are included and offered the same opportunities regardless of background or ability. Children often have a misconception that you have to be 'clever' to do science and we want to show that all of our pupils have access to an exciting and engaging curriculum. Our science curriculum aims to motivate, inspire and meet the needs of all pupils. We aim to help them understand the uses and implications of science, today and for the future and provide our learners with the foundations for understanding the world.

Common Perceptions of primary-aged children

Science is only for very clever people.

Visitors into school

We kick started our visitors into school on Tuesday (13th of September). Hornsea Rescue visited KS1. This visit linked to their topic (Crash! Flash! Rumble and Roll!) and the also gave the children an understanding of job roles in our local community.

The biggest highlight was Mrs Prince wearing the full rescue kit.

The children loved learning about being safe and the resources brought into school made this a superb hand on learning experience.

Foundation Stage

What a successful week for FS1 and FS2 children. The children have spent time getting to know each area of learning, making new friendships and starting to share all about themselves.

Up and Coming

Mon 19.9.22 - Bank Holiday

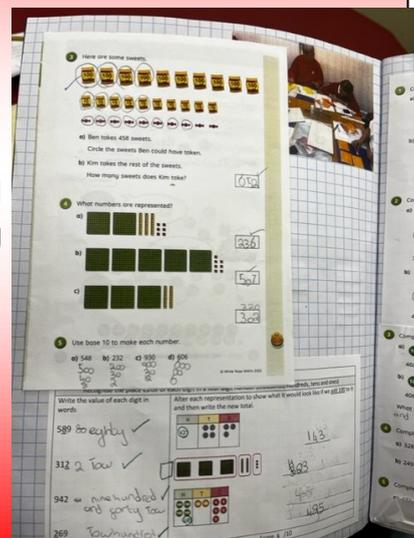

Wed 21.9.22 - Staff & Pupils will celebrate Harvest Festival. Any dried or tinned food donations would be kindly received.

Every Tue from 20.9.22 FS classroom open 2.45 - 3.05pm letter to follow

Wed 12.10.22 - Flu nasal programme in school FS2 - Year 6 Please sign up via the link sent previously.

A love for maths!

Key Stage Two have been working very hard on their maths. Here is the evidence to prove it! We now have much smaller groups for maths allowing more support and personalised learning enabling accelerated progress. The children are really enjoying the new structure. Great job!

Brandesburton Primary School

We would love to champion your activities and success outside of school. Please email the school office with your pictures/information. Brands@eastriding.gov.uk

3,2,1 Action!

Here we have Dorothy and Ava in action climbing to the very top of the climbing wall and net!

This looks incredible fun. Brilliant way to end the school holidays.

Well done!

Mrs Atkinson's walk round the track.

Due to popular demand. Every morning Mrs Atkinson will continue to be on the back playground for walking round the track.

Children are invited from around 8.35am until 8.45am giving them time to line up with Mrs Atkinson by 8.50am.

What a Star!

Matthew has now passed his Shark 1 Swimming Award and is now working towards Shark 2.

Well done Matthew!
