History

Ancient Egyptians

We will find out about the Ancient Civilization of the Egyptians. We will look at sources of evidence to find out about how they lived, their beliefs linked to religion, why the River Nile was so important, how the different pharaohs ruled and how the Egyptian period ended.

Geography

Egypt

We will investigate where in the world Egypt is, the human and physical features linked to the country, for example the arid climate, the desert landscape and the importance of the River Nile.

Maths

Year 4

Multiplication, Length, Perimeter, Fractions and Decimals

Year 5

Multiplication and Division, Fractions, Decimals, Percentages, Area, Perimeter and Statistics

French

The Enormous Turnip, Numbers
 Easter

Spring Term 23 - Tomb Raiders - Class 4

Music

Glockenspiel 2 Mamma Mia

PE

Basketball/Gym/Tag Rugby/Dance
 (Swimming if needed)

JIGSAW

Spring 1 - Dreams and Goals
 Spring 2—Healthy Me

RE

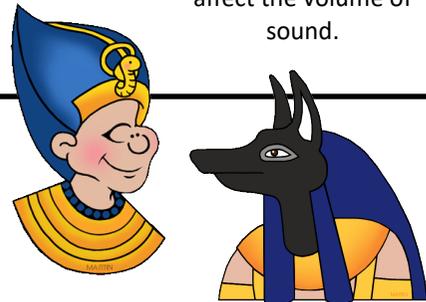

Year 5—Faith in Action-What are the challenges
 Year 4—People who inspire us—what makes a saint?

Science

Light and Sound

We will explore what a light source is, how light travels, reflective materials and how shadows are made.

We will learn how sounds are made, how we hear and how the vibrations affect the volume of sound.

Art and Design

Masks

We will explore masks and how they were used during Egyptian times. We will also look at drawing faces and the features of the face. We will then design our own masks and create them to be worn in our catwalk!

Design and Technology

Jewellery

We will look at existing products and jewellery from Ancient Egyptian times. We will design and then make our own products then evaluate our finished pieces.

Computing

Animation

We will create animations using 2animate and also explore animation apps on the ipads.

Databases

We will use 2investigate to explore databases, inputting information and analysing.

Landing Event

Catwalk of masks and jewellery to parents

Half Term Activity

Making an Egyptian board game
