ART WEEK at Brandesburton

Home Reading and TT Rockstars

We are trying our hardest to improve reading fluency and arithmetic skills whole school.

If you could support this at home with home reading and TT Rockstars, it would be very much appreciated.

This week our focus has been on art across the school. The reason behind this is to give more time and focus on high quality outcomes. The team are able to plan together to ensure the consistency and progression from EYFS to Year 6 for skills and knowledge in the art curriculum. It is also to help our children see themselves as artists and be incredibly excited and enthusiastic about their units.

Units covered:

Class 1 and 2 - Collage unit, using Megan Coyle and John Piper as inspiration to create sea side landscapes.

Class 3 and 4 - Drawing unit, focusing on developing sketching, shading and adding detail to 3D objects.

Class 5 and 6 - Printing unit, using the work of John Dyer as inspiration to create prints of the Amazon, using a variety of printing techniques.

Thank you for your continued support with reading and developing that love of reading to support everything we do at school.

Foundation Stage in action...

Junk modelling and puppet making.

What are we working on currently?

We currently have three projects we wanted to share with you:

OPERATION OUTSIDE AREA EYFS

We have all our resources sorted but we now need wooden fencing to extend the outside area and make it a safe enclosed space which can have the resources set up and not have to be taken down daily . If any parents could help us with this, we would be very grateful.

LOVE OF READING

New non-fiction books. Our non-fiction books are very dated and dull! We would love to buy new non-fiction reading material which ranges for Foundation Stage to Year 6. There are some amazing reading materials out there but we do not have the funds to purchase these.

ICT room into a classroom

Our ICT room has computers which have seen better days and do not work. As you know, we have tried incredibly hard to facilitate smaller teaching groups to enable the best provision possible. Having another classroom would make the space in which the children are working in the smaller groups so much better for learning.

How do we plan to raise the funds?
